

INTRODUCTION

Welcome aboard. May your journey through the **WICKED** Education Materials be both educational and exciting. These materials have been designed to turn a theatre-going experience into a comprehensive educational opportunity. The late Rob Galbraith formerly Head of Drama at Firbank Grammar, Victoria, initially developed the materials. Rob published a number of texts on Drama and Theatre, including the Drama and Theatre Studies Logs, which were written specifically for VCE. Lisa Jinga has adapted these materials for the show's NSW run. Lisa is currently Head of Drama, Dance and Entertainment at MLC Burwood, New South Wales. She is also the Method lecturer for Drama at UNSW and has worked in syllabus development at the Office of the Board of Studies.

WICKED is rich in ideas, concepts, themes, provocations and re-imaginings. It provides an ideal starting point and stimulus to inspire work on almost any area of the curriculum.

THE EDUCATION PACKAGE

The Education Package of materials consists of:

- A downloadable booklet
- Full education materials including a synopsis, information on NSW Institute of Teachers, show footage, activities for classes and itinerary suggestions.
